Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner proposed corrections to claims 1, 5, and 21-25 to correct typographical and antecedent basis errors. The attorney for Applicant approved these changes. Additionally, the examiner noted that the amendment to claim 4 has rendered it noncompliant with the written description requirement under 35 U.S.C. 112, first paragraph, as the specification does not disclose any partial depression of the shutter button. The attorney for Applicant proposed the change shown on the Examiner's Amendment.
